

SPECIFICATION

ENGINE

Engine type	: 2-cylinder, 4-stroke, liquid-cooled, DOHC, 4-valves
Displacement	: 689 cm ³
Bore x stroke	: 80.0 mm x 68.6 mm
Compression ratio	: 11.5 : 1
Maximum power	: 55.0 kW @ 10,000 rpm
Maximum torque	: 68.0 Nm (6.9 kg-m) @ 6,500 rpm
Lubrication system	: Wet sump
Clutch type	: Wet, Multiple Disc
Ignition system	: TCI
Starter system	: Electric
Transmission system	: Constant Mesh, 6-speed
Final transmission	: Chain
Fuel consumption	: 4.0 L / 100km

CHASSIS

Frame	: Diamond
Front travel	: 130 mm
Caster angle	: 24° 50'
Trail	: 90 mm
Front suspension system	: Telescopic forks
Rear suspension system	: Swingarm, (Link type suspension)
Rear travel	: 130 mm
Front brake	: Hydraulic dual disc, Ø 282 mm
Rear brake	: Hydraulic single disc, Ø 245 mm
Front tyre	: 120/70 ZR 17M/C (58W) (Tubeless)
Rear tyre	: 180/55 ZR 17M/C (73W) (Tubeless)

DIMENSION

Length X Width X Height	: 2,085 mm X 745 mm X 1,090 mm
Seat height	: 805 mm
Wheel base	: 1,400 mm
Minimum ground clearance	: 140 mm
Wet weight	: 183 kg
Fuel tank capacity	: 14 L
Oil tank capacity	: 3.0 L

YAMAHA

MT-07

DARK ATTRACTION

Inspired by the Dark Side of Japan, the MT-07 has taken the world by storm – and is now one of Yamaha's popular selling bikes. It's easy to see why so many riders have chosen to ride this exciting Hyper Naked.

Its compact 689 cc, inline, 2-cylinder 'crossplane philosophy' engine is engineered to give you strong, linear torque for thrilling acceleration with outstanding economy.

The bold new body and sharper air intakes reinforce the strong MT family look – and the new seat gives an improved riding position. With refined front and rear suspension, the MT-07 goes exactly where you point it...and takes you straight to the Dark Side of Japan.

MT-07

DARK ATTRACTION

FRONT AND REAR ABS

You can now authoritatively slow down your machine with ease as this new MT-07 comes equipped with ABS both for the front and rear wheels.

NEW ERGONOMIC SEAT FOR GREATER COMFORT

The MT-07 is equipped with a completely new seat design that gives an improved riding position for riders of all sizes. The front of the new seat now extends to the rear sides of the fuel tank, for greater comfort - giving the MT-07 a more integrated profile and a stronger MT identity.

LIGHT AND SLIM TUBULAR BACKBONE FRAME

For easy manoeuvrability and remarkable agility, the MT-07 runs with a light and slim steel backbone-type frame that utilises the engine as a stressed member. Combined with its compact wheelbase and refined suspension system, this strong and light chassis gives a responsive and engaging ride.

NEW AIR SCOOP

A newly designed fuel tank and bold air scoops give the MT-07 a sharper image and reinforce the MT family look. The new seat and separate black side panels accentuate the bike's mass-forward design and emphasises its athletic build.

NEW ADJUSTABLE REAR SUSPENSION

The new MT-07 suspension system has gone through a thorough refinement. The front forks feature revised settings for a sportier character, while the rear shock absorber now has a rebound damping adjuster that makes suspension set up easy, giving smooth, progressive and predictable performance, ideal for a wide range of riding conditions.

COMPACT LENS SHAPED TAIL LIGHT

A new aerodynamically compact lens-shaped tail light, adding on to the MT-07 good looks. Sharp and bright illumination for your added safety.
