

SPECIFICATION

ENGINE

Engine Type	3-cylinder, liquid-cooled, 4-stroke, DOHC, 4-valves
Displacement	847 cm ³
Bore X Stroke	78.0 mm x 59.1 mm
Compression Ratio	11.5 : 1
Maximum Power	84.6 kW (115PS) @ 10,000 rpm
Maximum Torque	87.5 Nm (8.9 kg-m) @ 8,500 rpm
Lubrication System	Wet sump
Clutch Type	Wet, Multiple Disc
Fuel System	Fuel Injection
Ignition System	TCI
Starter System	Electric
Transmission System	Constant Mesh, 6-speed
Final Transmission	Chain

CHASSIS

Frame	Diamond
Front Suspension System	Telescopic Forks
Front Travel	137 mm
Caster Angle	25°
Trail	103 mm
Rear Suspension System	Swingarm, (Link Type Suspension)
Rear Travel	130 mm
Front Brake	Hydraulic Dual Disc, Ø 298 mm
Rear Brake	Hydraulic Single Disc, Ø 245 mm
Front Tyre	120/70ZR17 M/C (58W) (Tubeless)
Rear Tyre	180/55ZR17 M/C (73W) (Tubeless)

DIMENSIONS

Overall Length	2,075 mm
Overall Width	815 mm
Overall Height	1,120 mm
Seat Height	820 mm
Wheel Base	1,440 mm
Minimum Ground Clearance	135 mm
Wet Weight (Including Full Oil And Fuel Tank)	193 kg
Fuel Tank Capacity	14 L
Oil Tank Capacity	3.4 L

THE ULTIMATE STREET FIGHTER

The motorcycle that changed everything has evolved into an even sharper and more technologically advanced Hyper Naked - and this dynamic MT-09 is built to inspire today's generation of thrill seeking riders like no other bike in its class.

First impressions are everything - and with its intimidating LED twin-eye face, the aggressively styled MT-09 demands attention. The front winglets and radiator side fins give an ultra-sharp look - and to reinforce the bike's uncompromising style we've designed a shorter tail.

With its radical looks, refined bodywork and higher specification, this unstoppable force is ready to take your Hyper Naked riding experience to the next level.

AGGRESSIVE LED DOUBLE HEADLIGHTS

The MT-09 features an aggressively styled twin-eye headlight assembly that gives this best-selling Hyper Naked a more menacing look. Inspired by the flagship MT-10, the slanting dual headlights are equipped with four LED bulbs, accompanied by dual LED position lights.

QUICK SHIFT SYSTEM / A&S CLUTCH

The Quick Shift System (QSS) provides smoother and quicker upshifts, enabling you to take advantage of the MT-09's raw and linear torque. Also made available in this model is the Assist & Slipper Clutch System (A&S), offering a 20 percent lighter clutch lever action, minimising the effects of back torque and excessive engine braking to deliver better control and handling when downshifting aggressively before a bend.

FULLY ADJUSTABLE FORKS

The bike's 41mm inverted front forks get a significant upgrade with the addition of a compression damping function, giving the MT-09 even greater sporting potential. For improved suspension performance and a wider range of adjustability the functions are separated, with compression damping in the left fork leg, and rebound damping in the right leg.

TECH BLACK

TORQUE-RICH, EU4 COMPLIANT ENGINE

Once you've experienced the MT-09's 847cc, 3-cylinder crossplane engine you'll be hooked on its instant supply of raw and linear torque that makes it the most exciting bike in the category. The engine comes with a refined and improved power character, and is fully EU4 compliant.

ELECTRONIC CONTROL TECHNOLOGY

The MT-09's advanced electronic control technology is ready to adapt to different riding situations and varying road surfaces. The 3-position D-Mode function lets you adjust engine power character from mild to aggressive, while the Traction Control System (TCS) and ABS intervene when required to enable you to achieve high levels of control.

SWINGARM MOUNTED LICENCE PLATE HOLDER

The rear end of the MT-09 gets a whole new look thanks to the use of a swingarm-mounted licence plate holder featuring a lightweight single-sided aluminium stay. To complete the rear end makeover there's an LED rear light and restyled tail cowl that emphasise the bike's light and agile looks.

Actual bike specifications may vary from pictures shown in this brochure.
